

## CURRICULUM VITAE

Name: Matthew S. Stanford

Department: Department of Psychology and Neuroscience  
Address: Baylor University  
One Bear Place # 97334  
Waco, TX 76798-7334

Home Address: 614 Salt Flats Circle  
Waco, TX 76712

Telephone: (254) 366-2737 (Cell)  
(254) 710-2236 (Office)  
(254) 710-3033 (Fax)

e-mail: matthew\_stanford@baylor.edu

Date of Birth: February 7, 1966; Houston, TX

### EDUCATION

- 1992 Ph.D., Behavioral Neuroscience (Minor in Statistics)  
Baylor University, Waco, TX  
Emphasis in the biological basis of personality.  
Dissertation: Multi-impulsivity within an adolescent psychiatric population.
- 1990 M.A., Experimental Psychology  
Baylor University, Waco, TX  
Emphasis in teratology.  
Master's Thesis: Effects of Promethazine HCl administration to gravid rats on development, activity level and avoidance of painful stimuli in offspring.
- 1988 B.S., Psychology  
Baylor University, Waco, TX  
Emphasis in neuroscience and statistics.

### ACADEMIC POSITIONS

Aug. 03 – Present	Professor	Baylor University Department of Psychology and Neuroscience Doctoral Program Director 05-11
Aug. 99 – Aug. 03	Associate Professor	University of New Orleans Department of Psychology Department Chair 00-03 Doctoral Program Director 97-00
Aug. 94 – Aug. 99	Assistant Professor	University of New Orleans Department of Psychology
Jan. 93 – Aug. 94	Postdoctoral Fellow	University of Texas Medical Branch Department of Psychiatry and Behavioral Sciences

### PROFESSIONAL AFFILIATIONS

American Psychological Association (APA) – Member  
Association for Psychological Science (APS) – **Fellow**

### EDITORIAL AND REVIEW ACTIVITIES

Mental Health Section Editor

*Journal of Family and Community Ministries*

Editorial Board

*Behavioral Sciences and the Law*

Special Issue Editor

*Behavioral Sciences and the Law*

Impulsivity and the Law (2008, Volume 26, Number 6)

Violent and Antisocial Behavior in Women (2011, Volume 29, Number 5)

Violent and Antisocial Behavior in Women: Part II (2012, Volume 30, Number 5)

*Perspectives on Science and Christian Faith*

Psychology, Neuroscience and Issues of Faith (2010, Volume 62, Number 2)

Ad Hoc reviewer for the following journals:

Biological Psychiatry

Brain and Cognition

Cognitive Brain Research

International Journal of Psychophysiology

Journal of Abnormal Psychology

Journal of Personality and Social Psychology

Mental Health, Religion and Culture

Neuroscience Letters

Personality and Individual Differences

Personality Disorders: Theory, Research and Treatment

Perspectives on Science and Christian Faith

Progress in Neuropsychopharmacology and Biological Psychiatry

Psychiatry Research  
Psychiatry Research: Neuroimaging

### PRESENT RESEARCH INTERESTS

1. Clinical assessment and treatment of impulsive and aggressive behavior
2. Psychology and issues of faith
3. Trauma and posttraumatic stress disorder

### GRANTS AND CONTRACTS AWARDED

#### **Federal**

*Root Cause of Post-Traumatic and Developmental Stress Disorders.* Department of Defense, Military Operational Research Program, Co-I, 2007-2012.

*Development of an Impulsive Aggression Identification Process.* Department of Justice, Federal Bureau of Prisons, PI, Contract # DJBCOB0043, 2004-2005.

#### **Private Foundations**

*The Effects of Phenytoin (Dilantin) on Impulsive and Aggressive Behavior.* Dreyfus Charitable Foundation, PI, 2013-2014.

*Baylor Substance Abuse and Dependence Educational Program.* Baylor / Waco Foundation, Co-I, 2008-2009.

*The Effects of Phenytoin in Impulsive Aggressive Individuals: Replication, Mechanism and Clinical Usefulness.* Dreyfus Health Foundation, PI, 1998-2006.

*Neuropsychological and Cognitive Psychophysiological Comparison of Brain Injured and Non-Brain Injured Impulsive Aggressors.* PI, Wacker Foundation, 1997-1998.

Felthous, A. R. and **Stanford, M. S.** (2014). A proposed algorithm for the pharmacotherapy of impulsive aggression. Submitted for review to the *Journal of the American Academy of Psychiatry and the Law*.

Farwell, L. L., Rogers, E. B., Dolan, S. L. and **Stanford, M. S.** (2014). The influence of culture and environment on mental health assessment: PAI infrequency (INF) scale performance. Submitted for review to *Journal of Community Psychology*.

Miles, S. R., Tharp, A. T., **Stanford, M. S.**, Sharp, C., Menefee, D. and Kent, T. (2014). Emotion dysregulation as an underlying mechanism of impulsive aggression. Submitted for review to *Personality and Individual Differences*.

#### VII. Invited Presentations

The biology of sin. Genesis & Genetics: 2014 Faith and Science Conference, Springfield, MO (June, 2014).

Global need for trauma healing: 2014. Global Trauma Healing Community of Practice, Philadelphia, PA (March, 2014).

Contemporary evangelical engagement in the care of persons with mental illness. Walking Together: Christian Communities and Faithful Responses to Mental Illness, Houston, TX (February, 2014).

Anger management in older veterans with PTSD/TBI. AHEC Veterans Mental Health Project, Older Veterans Mental Health Workshop, Waco, TX (May, 2013).  
Equipping lay caregivers. Global Trauma Healing Community of Practice, Philadelphia, PA (March, 2013).

Understanding the dynamics of child sexual abuse for non-therapeutic professionals. Child Abuse: The Big Picture, Waco, TX (November, 2012).

The biology of sin: Reconciling the physical and spiritual nature. AACC National Christian Counseling Conference, Branson, MO (September, 2012).

Viewing mental illness through the eyes of faith. Planned Living Assistance Network, Nash Symposium, Austin, TX (September, 2012).

Therapeutic tools and skills. Benghazi Medical Center, Benghazi, Libya (June, 2012).

Acts of Mercy International - Libyan mental health response. Trauma and its Impact on Building the Rule of Law in Libya, United States Institute of Peace, Washington DC (May, 2012).

Viewing mental illness through the eyes of faith. Spiritual Crossroads: Faith, Mental Health and the African American Community, Hogg Foundation Robert Lee Sutherland Seminar, Ft. Worth, TX (May, 2012).

Mental health and recovery: What's faith got to do with it? Spiritual Crossroads: Faith, Mental Health and the African American Community, Hogg Foundation Robert Lee Sutherland Seminar, Ft. Worth, TX (May, 2012).

Post-traumatic stress disorder conference. Benghazi Medical Center, Benghazi, Libya (December, 2011).

War-related trauma and post-traumatic stress. Libyan International Medical University, Benghazi, Libya (October, 2011).

Hope and mental illness: A perspective through the eyes of faith. No Need among You: Including the Excluded Conference, Waco, TX (September, 2011).

Mindful of grace: Mental illness and the church. No Need among You: Including the Excluded Conference, Waco, TX (October, 2010).

Relating impulsivity to the culpable mental states. Texas Criminal Defense Attorneys Association, Forensics Seminar, Dallas, TX (October, 2010).

Viewing mental illness through the eyes of faith. Comfort and Hope: An Ecumenical Conference Exploring Christian Responses to Suffering, Brock University, St. Catharines, Ontario (August, 2010).

Relating impulsivity to the culpable mental states. The Mind and Criminal Defense Conference, Center for American and International Law, Plano, TX (July, 2010).

Mental illness: Including the excluded. No Need among You: Including the Excluded Conference, Waco, TX (September, 2009).

Demon or disorder: Perceptions of serious mental illness in the local church. Providence Hospital, Waco, TX (August, 2009).

The role of impulsivity in criminal behavior. The Mind and Criminal Defense Conference, Center for American and International Law, Plano, TX (July, 2009).

Characterizing aggressive behavior: Implications for evaluation and treatment. Providence Hospital, Waco, TX (March, 2009).

Characterizing aggressive behavior: Implications for evaluation and treatment. Balancing Risk and Recovery Conference, St. Joseph's Healthcare / McMaster University, Hamilton, Ontario

(April, 2007).

Assessing and treating the aggressive individual: The importance of subtyping. CE Workshop, Balancing Risk and Recovery Conference, St. Joseph's Healthcare / McMaster University, Hamilton, Ontario (April, 2007).

Characterizing aggressive behavior: Implications for evaluation and treatment. Department of Psychiatry and Behavioral Sciences, University of Texas Health Science Center at Houston, Houston, TX (September, 2006).

Subtypes of aggression in intimate partner violence. Department of Psychology (Clinical Psychology Faculty), Texas A & M University, College Station, TX (April, 2006).

Assessing and treating aggressive behavior: The importance of subtyping, Department of Psychology (Social Psychology Faculty), Texas A & M University, College Station, TX (October, 2005).

Alzheimer's disease and aggression, Heart of Texas, Waco Area Gerontological Society, Waco, TX (May, 2005).

The violent brain. Cabrini Lecture Series, New York County Medical Society, New York, NY (November, 2004).

Assessing and treating impulsive aggressive. Annual meeting of the American Correctional Association, New Orleans, LA (January, 2004).

Characterizing, assessing and treating aggressive behavior. CE workshop, 23<sup>rd</sup> annual meeting of the National Academy of Neuropsychology. Dallas, TX (October, 2003).

Characterizing aggressive behavior. Federal Bureau of Prisons, High security meeting. Springfield, MO (June, 2003).

Characterizing and treating aggressive behavior. Department of Psychology, Tulane University, New Orleans, LA (February, 2003).

A clinically useful nosology of aggressive behavior. Federal Bureau of Prisons, Advanced CE training for forensic, neuro and behavior medicine psychologists. Scottsdale, AZ (September 2002).

Assessing and treating the aggressive individual. Pre-conference CE workshop, 2<sup>nd</sup> Biannual International Conference on Personal Meaning, Vancouver, BC (July, 2002).

Aggressive behavior: From laboratory to clinic. Department of Psychology, Trinity Western University, Langley, BC (January, 2002).

Defining and treating impulsive aggressive behavior. Department of Psychology, Brock University, St. Catharines, Ontario (November, 2001).

Critical issues in managing aggression/violence. Workshop on approaches to aggressive behavior in correctional facilities. Dreyfus Health Foundation, New York, NY (January, 2001).

The impulsive aggressive brain. Workshop on hostility and aggression, Rockefeller University, New York, NY (February, 1998).

#### VIII. Presentations at Professional Meetings:

Farwell, L. Rogers, E. B., Dolan, S. and **Stanford, M. S.** (2014). Examining the PAI infrequency scale: Attending to environment and culture in psychological assessment. Presented at the annual meeting of the Texas Psychological Association, Dallas, TX.

Tenneson, M., Bundrick, D. R. and **Stanford, M. S.** (2014). Faith and science integration: Surveys and findings. In D. R. Bundrick & S. Badger (Eds.), *Genesis & Genetics: Proceedings of the 2014 Faith & Science Conference* (pp. 319-352). Springfield, MO: Logion Press.

Rogers, E. B. and **Stanford, M. S.** (2014). Living grace for mental illness: A church-based, religiously integrated psychoeducational group. Presented at the annual meeting of the Christian Association for Psychological Science, Atlanta, GA.

Farwell, L. Rogers, E. B., Dolan, S. and **Stanford, M. S.** (2014). Examining the PAI-A infrequency scale: Attending to environment and culture in psychological assessment with a juvenile justice sample. Presented at the biennial meeting of the Society for Research on Adolescents, Austin, TX.

Rogers, E. B. and **Stanford, M. S.** (2013). A psychoeducational group at church: Proven concepts in a new setting. Presented at the annual meeting of the Texas Psychological Association, Houston, TX.

Langberg, D., Monroe, P., Hill, H. and **Stanford, M. S.** (2013). Addressing trauma in international settings: Three models in dialogue. Presented at the annual meeting of the American Association of Christian Counselors, Nashville, TN.

**Stanford, M. S.** (2013). Pharmacological treatment of impulsive aggression. Presented at the annual meeting of the International Congress on Law and Mental Health, Amsterdam, The Netherlands.

Rogers, E., Bowers, J., Hunter, W. and **Stanford, M. S.** (2013). Prayer at practicum: Ethical dilemmas at faith-based training sites. Presented at the annual meeting of the Christian Association for Psychological Studies, Portland, OR.

Breuninger, M., Rogers, E., Yuvarajan, E. and **Stanford, M. S.** (2012). Psychology and the faith community: Collaborating with churches and clergy. Presented at the annual meeting of the Texas Psychological Association, Austin, TX.

Young, K. A., Lake, S., Wan, L., Brower, E., Anderson, N. E. and **Stanford, M. S.** (2012). Blunted and accentuated modulation of startle by happy vs fearful faces in individuals with high trait psychopathy. Presented at the annual meeting of the Society for Neuroscience, New Orleans, LA.

Yuvarajan, E. and **Stanford, M. S.** (2011). Attitudes and beliefs toward mental illness in the Christian community. Presented at the annual meeting of the Texas Psychological Association, San Antonio, TX.

Rogers, E. and **Stanford, M. S.** (2011). The effects of mental illness on families within faith communities. Presented at the annual meeting of the Texas Psychological Association, San Antonio, TX.

Anderson, N. E., Riela, S. and **Stanford, M. S.** (2011). Voluntary and involuntary differences of emotional content: Psychopaths exhibit conditional affective modulation of ERP components in a target detection task. *Psychophysiology* (abstr), 48 (suppl), S65.

Lake, S. L. and **Stanford, M. S.** (2011). Resting frontal cortical activity and impulsive aggression. *Psychophysiology* (abstr), 48 (suppl), S29.

Sheftall, A., Mathias, C. W., Hill-Kapturczak, N., Javors, M., **Stanford, M. S.** and Dougherty, D. M. (2011). Multiple serotonin markers, psychiatric inpatient status, and self-reported impulsivity. Presented at the annual meeting of the International Society for Research on Impulsivity, San Francisco, CA.

Anderson, N. E., **Stanford, M. S.**, Wan, L. and Young, K. A. (2010). Antisocial traits predict reduced rates of habituation to an acoustic startle probe. *Psychophysiology* (abstr), 47 (suppl), S69.

Steinberg, L., Sharp, C. and **Stanford, M. S.** (2010). New tricks for an old measure: The development of the Brief Impulsiveness Scale (BIS-Brief). Presented at the 8<sup>th</sup> annual meeting of the Society for Multivariate Experimental Psychology, Atlanta, GA.

Young, K. A., Harrington, G. S., **Stanford, M. S.**, Jamroz, R., Wan, L., Kressin, M., Miller, L. J., Keele, N. B. and Hicks, P. B. (2010). Childhood trauma and thalamic enlargement: Suspended maturation of the thalamocortical system associated with enhanced levels of neurotrophins. Presented at the 40<sup>th</sup> annual meeting of the Society for Neuroscience, San Diego, CA.

Sejud, L., Dolan, S. and **Stanford, M. S.** (2010). Binge drinking, alcohol expectancies, impulsivity and aggression in college students. *Alcoholism: Clinical and Experimental Research* (abstr), 34, 51A.

Teten, A. L., Sharp, C., **Stanford, M. S.**, Lake, S., Raine, A. and Kent, T. A. (2010). Correspondence of aggressive behavior classifications using the Impulsive Premeditated Aggression Scale and the Reactive Proactive Questionnaire. Presented at the 19th biennial

meeting of the International Society for Research on Aggression, Storrs, CN.

Gartner, A. M, Dolan, S. L., **Stanford, M. S.** and Elkins, G. R. (2010). Hypnosis in the treatment of Morgellons disease: A case study. Presented at the annual meeting of the Texas Psychological Association, Dallas, TX.

Wan, L., Baldrige, R. M., Colby, A. M. and **Stanford, M. S.** (2009). Enhanced intensity dependence and aggressive behavior history indicate previous ecstasy use in abstinent polydrug users. *Journal of Clinical EEG and Neuroscience* (abstr), 40, 300.

Anderson, N. E., Wan, L., Cockcroft, K., Price, J., Young, K. A. and **Stanford, M. S.** (2009). Startle habituation as a correlate of sensation seeking and psychopathic traits. Presented at the 39<sup>th</sup> annual meeting of the Society for Neuroscience, Chicago, IL.

**Stanford, M. S.** and Philpott, D. (2009). Perceptions and knowledge of mental illness in the local church: A survey of Texas Baptist pastors. Presented at the 64<sup>th</sup> annual meeting of the American Scientific Affiliation, Waco, TX.

Martindale, S., Dolan, S. and **Stanford, M. S.** (2009). PAI profiles of substance abusing female domestic violence offenders. *Alcoholism: Clinical and Experimental Research* (abstr), 33, 53A.

Wan, L., Anderson, N. E., Davies, J. D., Price, J., Young, K. A. and **Stanford, M. S.** (2008). Association between eyeblink startle responses to facial expressions and psychopathic traits in young normal subjects. Presented at the 38<sup>th</sup> annual meeting of the Society for Neuroscience, Washington, DC.

Anderson, N. E., Wan, L., Davies, J. D., Young, K. A. and **Stanford, M. S.** (2008). Psychophysiological correlates of high psychopathic traits in a non-incarcerated college sample. *Psychophysiology* (abstr), 45 (suppl), S49.

**Stanford, M. S.** (2008). Demon or disorder: Perceptions of serious mental illness in the local church. Presented at the 63<sup>rd</sup> annual meeting of the American Scientific Affiliation, Newberg, OR.

Dolan, S. L., Baldrige, R. and **Stanford, M. S.** (2008). Neuropsychological function and relapse prevention coping skills: Effectiveness in substance abusers in residential treatment. *Alcoholism: Clinical and Experimental Research* (abstr), 32, 196A.

Schlienz, N. J., Houston, R. J. and **Stanford, M.S.** (2008). Alcohol dependence, impulsive aggression, and increasing task demand: A P3 study. *Alcoholism: Clinical and Experimental Research* (abstr), 32, 177A.

Baldrige, R. M. and **Stanford, M. S.** (2007). P3 amplitude predicts treatment compliance in substance dependent individuals. *Psychophysiology* (abstr), 44 (suppl), S62.

Colby, M. A. and **Stanford, M. S.** (2007). Working memory and impulsive aggression. *Psychophysiology* (abstr), 44 (suppl), S63.

Houston, R. J. and **Stanford, M. S.** (2006). Effects of impulsive aggression and substance dependence on cognitive set-shifting: A P3 study. *Psychophysiology* (abstr), 43 (suppl), S48.

Helfritz, L. E. and **Stanford, M. S.** (2006). Looking for trouble? Processing of threat cues in impulsive and premeditated aggression: An event-related potential study. Presented at the 17<sup>th</sup> biennial meeting of the International Society for Research on Aggression, Minneapolis, MN.

**Stanford, M. S.** and Baldrige, R. M. (2006). Subtypes of aggression in intimate partner violence. Symposium: The bimodal classification of aggression: Developmental implications and clinical efficacy. Presented at the 17<sup>th</sup> biennial meeting of the International Society for Research on Aggression, Minneapolis, MN.

Gikas, G. J., Houston, R. J., Schlien, N. J., Capuana, L. J., and **Stanford, M. S.** (2006). Diverse Axis II Psychopathology in an Impulsive Aggressive Community Sample. Presented at the 18<sup>th</sup> annual meeting of the Association for Psychological Science, New York, NY.

Capuana, L. J., Houston, R. J., Schlien, N. J., Gikas, G. J., and **Stanford, M. S.** (2006). Reduced P300 Amplitude in Impulsive Aggressive Individuals. Presented at the 18<sup>th</sup> annual meeting of the Association for Psychological Science, New York, NY.

**Stanford, M. S.** (2005). Losing control: Assessing and treating impulsive aggressive behavior. Symposium: The importance of impulsiveness as a construct: Presentations in honor of Ernest S. Barratt. Presented at the 1<sup>st</sup> annual meeting of the International Society for Research on Impulsivity and Impulse Control Disorders, Washington, DC.

Schlien, N. J., Houston, R. J. and **Stanford, M. S.** (2005). The P3 as an index of perseverative responding in impulsive aggression. Presented at the 1<sup>st</sup> annual meeting of the International Society for Research on Impulsivity and Impulse Control Disorders, Washington, DC.

Conklin, S. M. and **Stanford, M. S.** (2005). The relationship of impulsiveness, aggression and serum cholesterol in abstinent cocaine dependent men. Presented at the 1<sup>st</sup> annual meeting of the International Society for Research on Impulsivity and Impulse Control Disorders, Washington, DC.

**Stanford, M. S.** (2005). Assessing and treating aggressive behavior: The importance of subtyping. Symposium: Impulsive aggression and criminal responsibility. Presented at the 158<sup>th</sup> annual meeting of the American Psychiatric Association, Atlanta, GA.

Houston, R. J. and **Stanford, M. S.** (2005). Relationship of problem drinking to personality

pathology in intimate partner violence. *Alcoholism: Clinical and Experimental Research* (abstr), 29 (suppl), 34A.

**Stanford, M. S.**, Baldrige, R. M., Hampton, E. D., Hindle, A. and Houston, R. J. (2005). A multi-factorial approach to assessing impulsiveness. Presented at the 51<sup>st</sup> annual meeting of the Southwestern Psychological Association, Memphis, TN.

Kockler, T. R., Conklin, S. M., Helfritz, L. E., **Stanford, M. S.** and Rudd, M. D. (2004). Usefulness of a newly developed standardized battery of executive functioning in a group of probable Alzheimer's Disease patients. Presented at the 24<sup>th</sup> annual meeting of the National Academy of Neuropsychology, Seattle, WA.

**Stanford, M. S.**, Conklin, S. M., Helfritz, L. E. and Kockler, T. R. (2004). Neurocognitive substrates of domestic violence. *Psychophysiology* (abstr), 41 (suppl), S69.

Kockler, T. R. and **Stanford, M. S.** (2004). An examination of executive functioning in individuals accused of domestic violence. Presented at the 50<sup>th</sup> annual meeting of the Southwestern Psychological Association, San Antonio, TX.

**Stanford, M. S.** (2003). A clinically useful nosology for characterizing aggressive behavior. Symposium: Impulsive aggression: Science and the law. Presented at the annual meeting of the American Academy of Psychiatry and the Law, San Antonio, TX.

**Stanford, M. S.**, Conklin, S. M. and Helfritz, L. E. (2003). P3 amplitude as an index of severity in impulsive aggressive behavior. *Psychophysiology* (abstr), 40 (suppl), S83.

**Stanford, M. S.** and Houston, R. J. (2003). Psychophysiological substrates of impulsive and premeditated aggression. *Psychophysiology* (abstr), 40 (suppl), S8.

**Stanford, M. S.** (2003). Evoked and event-related potential differences related to impulsive aggressive behavior. Symposium: Electrophysiological substrates of impulsivity and impulse control disorders. Presented at the 5<sup>th</sup> annual meeting of the EEG and Clinical Neuroscience Society, Houston, TX.

Greve, K. W., Stickler, T. R., Love, J. M., Brennan, A., Heinly, M. T., Bianchini, K. J. and **Stanford, M. S.** (2003). Confirmatory factor analysis of the Wisconsin Card Sorting Test using non-overlapping variables. *Journal of the International Neuropsychological Society* (abstr), 9, 292.

Houston, R. J. and **Stanford, M. S.** (2002). Photic driving in aggressive and impulsive individuals. *Psychophysiology* (abstr), 39 (suppl), S43.

Conklin, S. M. and **Stanford, M. S.** (2002). Differences in the late positive potential during an affective picture task in impulsive aggressive individuals. *Psychophysiology* (abstr), 39 (suppl), S27.

**Stanford, M. S.** (2002). Perceived control: Placebo effects in individuals treated for impulsive aggressive behavior. Presented at the 2<sup>nd</sup> Biannual International Conference on Personal Meaning, Vancouver, BC.

Conklin, S. M., Houston, R. J., Villemarette-Pittman, N. R., Helfritz, L. E. and **Stanford, M. S.** (2002). Emotional processing and impulsive aggression: An event-related potential study. Presented at the 48<sup>th</sup> annual meeting of the Southeastern Psychological Association, Orlando, FL.

Helfritz, L. E., Villemarette-Pittman, N. R., Houston, R. J., Conklin, S. M., **Stanford, M. S.** and Greve, K. W. (2002). Usefulness of self-reports in assessing violence potential: Validity issues. Presented at the 48<sup>th</sup> annual meeting of the Southeastern Psychological Association, Orlando, FL.

Greve, K. W., Stickle, T. R., Love J. M., Heinly, M. T., Brennan, A., Vitone, N., Bianchini, K. J. and **Stanford, M. S.** (2002). Confirmatory factor analysis of the Wisconsin Card Sorting Test. *Journal of the International Neuropsychological Society* (abstr), 8, 153.

Houston, R. J. and **Stanford, M. S.** (2001). Cortical augmenting: Modality differences in relation to personality traits. *Society for Neuroscience*, 27, 742.3.

**Stanford, M. S.** (2001). Impact of threat relevance on P3 event-related potentials. Symposium: ERP/Startle responding to trauma-relevant and control stimuli in PTSD. Presented at the 17<sup>th</sup> annual meeting of the International Society for Traumatic Stress Studies, New Orleans, LA.

Villemarette-Pittman, N. R., **Stanford, M. S.** and Houston, R. J. (2001). Physiological reactivity and impulsive aggression. *Psychophysiology* (abstr), 38 (suppl), S98.

**Stanford, M. S.**, Greve, K. W., Mathias, C. W., Houston, R. J. and Villemarette-Pittman, N. (2001). Characterizing aggressive behavior: Nosology and assessment. Presented at the 47<sup>th</sup> annual meeting of the Southeastern Psychological Association, Atlanta, GA.

Vasterling, J., Constans, J., Duke, L., **Stanford, M. S.** and Mathias, C. (2001). Attentional bias to threat in PTSD: Relation to attention in neutral contexts. *Journal of the International Neuropsychological Society* (abstr), 7, 155.
